RE: CADD Resources Availability

To: All CADD Users

Bentley InRoads Select Series 2 (SS2)
Effective July 31st, 2017, the Delaware Department of Transportation (DelDOT) will no longer offer updates and support for the SS2 version of Bentley InRoads.
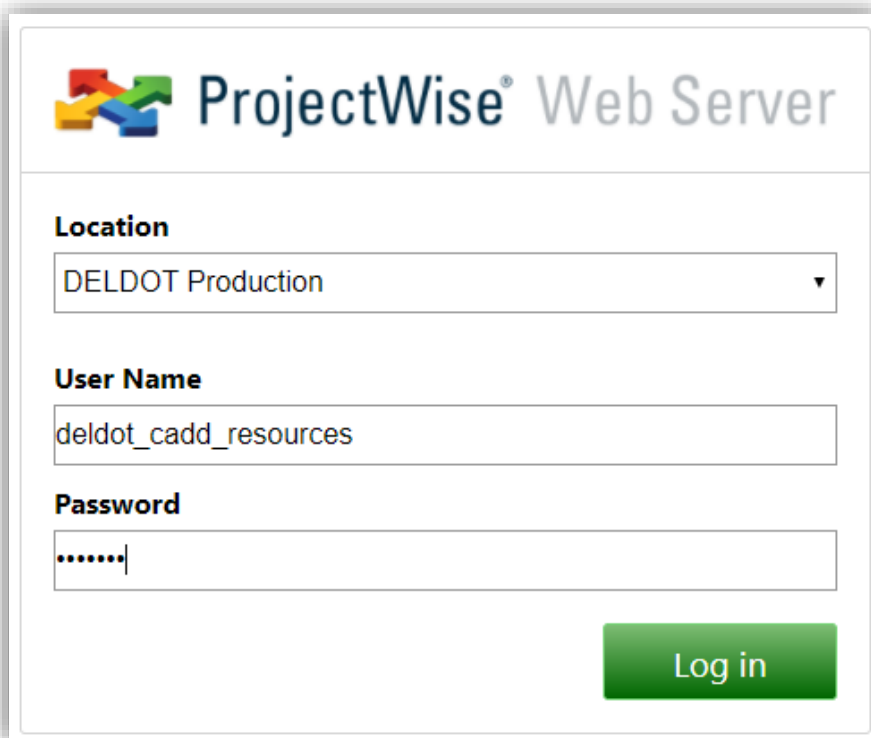

The CADD Standards developed for the SS2 version of InRoads, that were in effect as of July 31st, 2017 have been compiled into one zip file entitled "InRoads_SS2_Standards.zip" and placed on the DelDOT ProjectWise Web Server. The Web Server is accessible via the information provided below:

Web Address: https://deldot-pw.bentley.com
Location: DELDOT Production
User Name: deldot_cadd_resources
Password: D3lDOT!

Once connected to the Web Server, the SS2 Standards Zip file can be found at the following location.
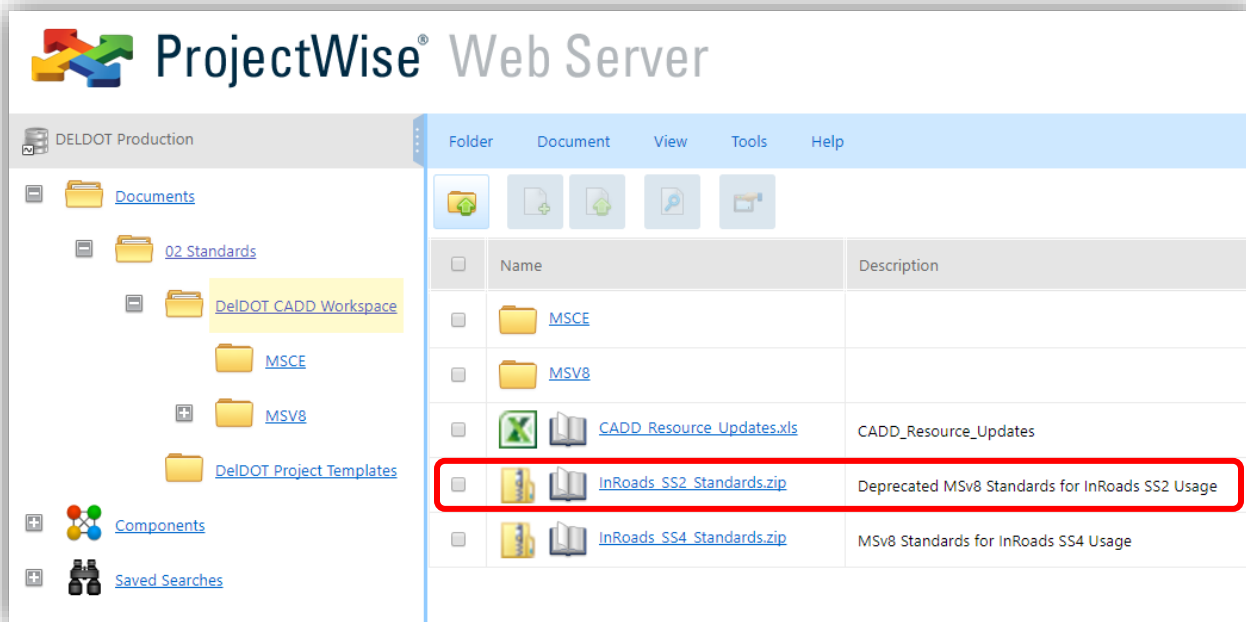

Bentley InRoads Select Series 4 (SS4)
The current CADD Standards developed for the SS4 version of InRoads have been compiled into one zip file entitled "InRoads_SS4_Standards.zip" and placed on the DelDOT ProjectWise Web Server. The Web Server is accessible via the information provided above.
